The Bargello stitch is characterized by a series of upright stitches worked in vertical columns. The stitches are offset by half a stitch in each row, creating a zigzag effect. The resulting patterns are mesmerizing and visually striking.

Materials and Tools

To embark on your Bargello Blooms Table Topper journey, you will need the following materials and tools:

- 18-count canvas fabric
- Embroidery floss in various colors
- Embroidery needle
- Scissors
- Bean bag filling
- Fabric glue
- Poly-fil or batting

Step-by-Step Instructions

1. Choosing a Pattern

Begin by selecting a Bargello Blooms pattern that inspires you. There are numerous free and paid patterns available online. Once you have chosen a pattern, print it out and use it as a guide for your needlework.

2. Preparing the Canvas

Cut a piece of canvas fabric to the size of your desired table topper. Center the pattern on the canvas and secure it with tape.

3. Threading the Needle

Thread your embroidery needle with a double strand of embroidery floss. Separate the two strands and insert one into each eye of the needle.

4. Stitching the Bargello Stitch

Start stitching the Bargello stitch by following the pattern. Work in vertical columns, offsetting the stitches by half a stitch in each row. Use firm, even stitches to create a consistent texture.

5. Changing Colors

When you need to change colors, simply knot the two ends of the floss together and weave the new floss under the stitches to secure it.

6. Completing the Needlework

Continue stitching until the entire pattern is complete. Once the needlework is finished, remove the pattern from the canvas.

7. Assembling the Bean Bag Topper

Place two pieces of fabric right sides together. Stitch around the edges, leaving a small opening for turning. Turn the topper right side out and fill it with bean bag filling.

8. Finishing the Topper

Hand-stitch the opening closed. To add extra support and cushion, place a layer of poly-fil or batting inside the topper before adding the bean bag filling.
