Dan has been working tirelessly to track down the Mastermind, but so far, he's come up empty. The only clue he has is a series of cryptic messages that the Mastermind has been leaving behind. Dan believes that these messages contain the key to cracking the case, but he needs to decipher them first.

In an exclusive interview with The Straits Times, Dan reveals his investigation into the Merlion Mastermind. He discusses the challenges he's faced, the clues he's uncovered, and his theories about the Mastermind's identity.
