

The Comprehensive Guide to the Code of Federal Regulations Title 49: Transportation

The Code of Federal Regulations (CFR) is a massive compilation of regulations issued by the federal government of the United States. Title 49 of the CFR covers transportation, including everything from aviation to railroads to pipelines. It is an essential resource for anyone who works in the transportation industry or who is interested in transportation law.

This article will provide an overview of Title 49 of the CFR, including its history, structure, and content. We will also discuss how to find and use the CFR, and provide some resources for further research.

The CFR was first published in 1938 as a way to organize and codify the vast body of federal regulations. It is updated annually, with new volumes being published each October. The CFR is divided into 50 titles, each of which covers a different subject area. Title 49 covers transportation.

Title 49 of the CFR is divided into 12 parts, each of which covers a different aspect of transportation. The parts are as follows:

- **Part 1:** General Provisions
- **Part 2:** Federal Motor Carrier Safety Regulations
- **Part 3:** Commercial Driver's License Standards
- **Part 4:** Motor Carrier Safety Regulations for Intrastate Commerce
- **Part 5:** Pipeline Safety Regulations
- **Part 6:** Railroad Safety Regulations
- **Part 7:** Hazardous Materials Regulations
- **Part 8:** Motor Vehicle Safety Standards
- **Part 9:** Interstate Commerce Regulations
- **Part 10:** Surface Transportation Board Regulations
- **Part 11:** Research and Special Programs Administration Regulations
- **Part 12:** National Highway Traffic Safety Administration Regulations

Each part of the CFR is further divided into chapters, subchapters, and sections. The CFR is organized in a hierarchical manner, with each level of the hierarchy being more specific than the one above it.

Title 49 of the CFR contains a wide range of regulations related to transportation. These regulations cover everything from the safety of motor vehicles to the transportation of hazardous materials. Some of the specific topics covered by Title 49 include:

- **Motor carrier safety:** Regulations governing the safety of commercial motor vehicles and drivers.
- **Pipeline safety:** Regulations governing the safety of pipelines used to transport natural gas and other hazardous liquids.
- **Railroad safety:** Regulations governing the safety of railroads and railroad operations.
- **Hazardous materials transportation:** Regulations governing the transportation of hazardous materials by all modes of transportation.
- **Motor vehicle safety:** Regulations governing the safety of motor vehicles and motor vehicle equipment.
- **Interstate commerce:** Regulations governing the transportation of goods and people across state lines.
- **Surface Transportation Board:** Regulations governing the Surface Transportation Board, which is an independent federal agency that regulates the transportation industry.
- **Research and Special Programs Administration:** Regulations governing the Research and Special Programs Administration, which is an agency within the U.S. Department of Transportation that conducts research and develops programs related to transportation safety.
- **National Highway Traffic Safety Administration:** Regulations governing the National Highway Traffic Safety Administration, which is an agency within the U.S. Department of Transportation that is responsible for regulating motor vehicle safety.

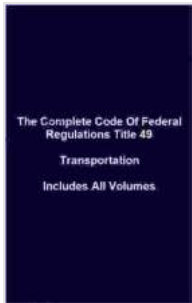

The CFR is available online at the Government Publishing Office (GPO) website. You can search the CFR by keyword, CFR citation, or agency name. The GPO website also provides a number of tools to help you navigate the CFR, including a table of contents, a subject index, and a glossary.

Once you have found the relevant regulation, you can read it online or download it as a PDF file. The CFR is also available in print form, but the online version is more up-to-date and easier to search.

In addition to the GPO website, there are a number of other resources available to help you research the CFR. These resources include:

- **The Federal Register:** The Federal Register is the official daily publication of the U.S. government. It contains notices of proposed rulemaking, final rules, and other official documents. The Federal Register is available online at the GPO website.
- **The Code of Laws of the United States:** The Code of Laws of the United States is a compilation of all federal laws that are in effect. The Code of Laws is available online at the GPO website.
- **LexisNexis:** LexisNexis is a commercial legal research service that provides access to a variety of legal resources, including the CFR. LexisNexis is available by subscription only.
- **Westlaw:** Westlaw is another commercial legal research service that provides access to a variety of legal resources, including the CFR. Westlaw is available by subscription only.

Title 49 of the CFR is an essential resource for anyone who works in the transportation industry or who is interested in transportation law. The CFR is a vast and complex document, but it is well-organized and easy to use. With the help of the resources listed above, you can find the information you need quickly and easily.
